5. Target Institution	Ministry of Public Works and Housing - Directorate of Water Supply System Development - Perusahaan Daerah Air Minum Jakarta Raya
6. Essential Requirements	(1) Current Duties: waterworks engineers (2) Experience: at least five (5) years of practical experience in waterworks or governing agencies (3) Age: less than forty (40) years old (4) Educational Background: have a Bachelor Degree with a 3.0 or higher cumulative GPA (Grade Point Average (maximum 4.0)) * at university <u>*Those who hold 75% and above GPA are qualified.</u> (5) Language: with the linguistic skills required to take courses and receive research guidance in English (Equivalent to above TOEFL iBT 80/ TOEFL 550/ ILETS 6.0) (6) Health: in good health, both physically and mentally, to participate in the Program in Japan
7. Recommendable Qualifications	(1) Those who are expected to play a leading role in waterworks in the future (2) Those who have flexible adaptability and receptivity for study and research in a foreign country

For further details of the program, please refer to the Overview Information attached hereto.

We would be grateful if you would nominate candidates and provide us with the following information and documents **by Wednesday, 30 September 2020.**

Japan International Cooperation Agency

JICA Indonesia  
Sentral Senayan II, 14th Floor  
Jl. Asia Afrika No. 8, Jakarta 10270, INDONESIA  
Tel: (62-21) 5795-2112 (hunting) Fax: (62-21) 5795-2116

- Information on nominated candidates using the attached Candidate List (Attachment 2)
- Academic Transcription of nominated candidates
- Certificate/document of English Language Proficiency of nominated candidates

Please be informed that a need survey for this program was notified to the Government of Indonesia on 19 August. Adoption of this program will not be guaranteed until the Government of Japan makes an official announcement on approval.

Considering the pandemic of COVID-19 all over the world, JICA will prioritize "participation in remote lectures if participants are unable to come to Japan at the time of their enrollment in autumn 2021 due to the impact of COVID-19. Leave of absence or delaying admission may be considered in case the university cannot offer remote lectures.

We would appreciate your kind attention and cooperation in this matter.

Yours faithfully,

CC:

- Head of Human Resources Development Agency
- Director General of Human Settlements
- Director of Water Supply System Development, DGHS
- Director of Integration on Settlements Infrastructure, DGHS
